

# Biosecurity Solution

Protecting your livestock and your team

More than ever, preventative measures to stay healthy are part of everyday life. Installed at both the site entrance and buildings, a **MAXIMUS card reader** allows you to control access.

Access authorizations and restrictions for each employee or visitor according to their schedule, role, state of health, etc.

Remote door unlocking. Ask visitors to contact you for permission to enter your farm.

Control of the movement sequence according to the biosecurity pyramid.

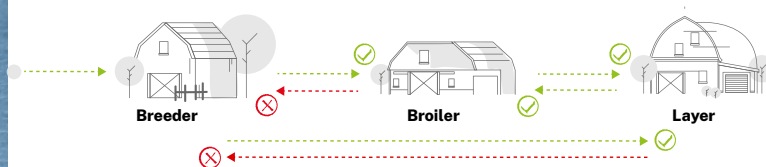

**MAXIMUS** Solution can help troubleshoot remotely, save unnecessary visits and reduce the number of people going to the farm.

Detailed history (date and time) of the use of each worker's card.

**Prevention is better than a cure!**
